## **BENEFITS OF OTS DRAWER SYSTEMS**

### **#1 – Australian Made & Owned**

- **Made in Australia – Quality Construction**
- **We stand by our Products**

### **#2 – Alloy Drawer Sides**

- **Light Weight**
- **Durable System**

### **#3 – Polyethylene Runners**

- **Low Maintenance**
- **No bearings to fail in off road conditions**
- **Light Weight**
- **Maximum Width of Drawer**

### **#4 – Side Wings Included**

- **No Hidden Fees**
- **Side wings removable to gain extra storage**

### **#5 – Heavy Duty Carpet Finish**

- **Gives a durable surface that looks neat & tidy**

### **#6 – Fully Remove System within 15-30 minutes**

- **Quick & easy to be removed when total boot space is required**
- **Can be easily removed and installed by one-two people**

### **#7 – Maximum Storage Space**

- **The Poly runners allow for wider drawers by an average of 45mm per drawer compared to drawer systems with bearing runners**
- **This allows for more efficient use of available storage space – every bit counts!**

### **#8 – Alloy Protection Strip**

- **Protects the carpet edge for long term good looks and durability**

### **#9 – Lockable Stainless Handles**

- **For added Security to lock those valuable items**

### **#10 – Customising is our Speciality**

- **If a Standard Drawer System doesn't suit your needs, then chat to one of our friendly staff who can help you design a system just for your requirements**
